

## **Directions to Clackamas Community College Community Gardens, Oregon City**

Starting on I-205 take exit 10, and take Cascade Highway 213 also known as Trails End Highway. Travel up the hill to the first exit on your left – Beaver Creek Road (stop light intersection) and turn left.

Turn right on Clairmont Drive (entrance to Clackamas Community College).

At the stop sign at Douglas Loop Road turn right and travel a very short distance and turn right on to Inskeep Dr.

On Inskeep Drive take the first gravel road on the left (before the Campus Services building). This road goes around the perimeter the entire garden area. Turn right (porta potty and Kiosk is on your right). You can park on the grassy area on our left at the edge of the garden.

There is a gravel road that divides the garden in half. The GAER plots are along this road. You can also park on the grassy area along this road. Another GAER identifier is a blue/silver shade awning on one of our beds.

Note: If you follow the perimeter road it will take you past the Home Orchard Society gardens which will be on your left and exits you on the opposite side of the Campus Services Building., you have gone too far

Turn around and try again or park in the lot outside of the Home Orchard Society and walk in to the garden!!
